Self-Loading Shotgun

12 GAUGE, MODEL 1911

The Winchester Self-Loading Shotgun has all the

good points of other recoil-operated shotguns and

also many distinctive and exclusive features which

sportsmen have been quick to appreciate and en-

dorse. Among them are Nickel steel construction

throughout; a receiver made with the Winchester

patented "Bump of Strength" which gives the gun

surpassing strength and safety; divided recoil, which

minimizes the "kick" to the last degree; and a re-loading system which requires no readjustment for different loads. The Winchester Self-Loader will

shoot any standard load from a "Blank" to the

heaviest with certainty and safety, without tinkering the action. Also it is a two-part take-down

without any loose parts. These are only a few

of the many good points about this gun. To

fully appreciate its superiority, you should see it.

Look one over at your dealer's, or send

to the Winchester Repeating Arms Co., New Haven, Conn., for descriptive circular
